SUMMARY

The real sword of Damocles hanging over Israel is not Gaza but 9/11: a connection which the West refuses to believe

Why the heck the old story again?

*The narrative of the virtuous state of Israel is collapsing in the face of reality.
A narrative that is attached to self-identification of the West.
And so, the West fights desperately against reality.*

*"The Zionists are playing this as truly an all-or-nothing exercise.
Because if they lose this one – if the American people ever realize what's
happened – they're done. It'll be a bloody brutal war and they're gone."*

"The world will not be the same from today on.

It's an attack against our WHOLE civilization.

I don't know who is responsible, I believe we will know in 12 hours.

If it is a kind of Bin Laden organization – and even if it's something else: I believe that this is the time to deploy a globally concerted effort led by the United States, the UK, Europe and Russia against all sources of Terror."

Ehud Barak on Air at BBC WORLD in London at 11:29 a.m. (NYC) on 9/11/2001

"Because what we have here is something far worse.

You know, in 1995 I wrote a book called 'Fighting Terrorism'. And I said that if we don't arrest the tide of islamic militant terrorism (militant islamic terrorism) then the next thing that will be is not a a car bomb in the World Trade Center – but a nuclear bomb.

Now, it wasn't a nuclear bomb. It was a 350 ton conventional bomb."

NOTE: the biggest bomb in the US arsenal has a blast yield of **only 11 ton TNT** (GBU-43/B MOAB)

= 32 units of this one!

"And so, next thing you know, we've got the designs of the building [new WTC7]."

*And the first design meeting was in **April of 2000** and construction began shortly thereafter in 2002."*

NOTE 1: WTC7 collapsed unexpectedly on 9/11 – 2001. However, the new building was planned since April 2000.

"So what do you do when you beat the insurance companies in court and they still won't pay? A new governor was just elected, Eliot Spitzer an old friend who I knew well, and I said Eliot: 'if you don't help me I'll never collect from the insurance companies!'"

*And guess what? He listened and he said: 'You know what? You're entitled. I'm gonna get you the money. And in six months he got me the **four and a half billion** dollars. Insurance companies didn't like me but at least I got the money.'"*

NOTE 2: Larry Silverstein leased the WTC only a few weeks before the attacks. He immediately took out high insurances against terror attacks

Control over the Narrative

*“If the device that exploded in 1993 under the World Trade Center **had been nuclear**, or had effectively dispersed a deadly pathogen, then ... the United States might respond with draconian measures, scaling back civil liberties, allowing wider surveillance of citizens, detention of suspects and the use of deadly force...”*

Control over the strategy of the White House

Ari Fleischer

Dov Zakheim

Richard Perle

Paul Wolfowitz

Ari Fleischer lied systematically to the world public – in his function as speaker of the White House – concerning Iraq's “weapons of mass destruction”

Dov Zakheim is responsible for the disappearance of 2.6 trillion US \$ from the defense budget. The missing amount was made public by Donald Rumsfeld on September 10, 2001. Under the administration of George W. Bush, rabbi Dov Zakheim was nominated Undersecretary of Defense and comptroller (2001 to 2004)

Richard Perle was responsible for the strategic orientation of the Pentagon. On 9/11 he was chairman of the Pentagon's Defence Policy Board

Paul Wolfowitz shaped president George W. Bush's Iraq politics directly after 9/11. At the time of 9/11, Paul Wolfowitz was Deputy Defense Secretary and member of the Defense Policy Board at the Pentagon.

Control over the justice system

Michael Chertoff

Michael B. Mukasey

Alvin Hellerstein

Ronald S. Lauder

Michael Chertoff arranged the release of the Mossad agents that were arrested on 9/11. On 9/11 he was the head of the Criminal Division of the Justice Department. He arranged the release and the return to Israel of more than a hundred Israeli agents including those that had filmed the impact of the planes into the WTC. In addition he presided over the court trying the WTC attack in 1993.

Michael Mukasey granted Larry Silverstein the insurance sum of 4.55 billion US \$. He presided over the court trying the lawsuit between Larry Silverstein and the insurance companies after 9/11

Alvin Hellerstein presided over the court dismissing / settling the lawsuits of the victims' families

Ronald S. Lauder forcefully implemented the privatization of the WTC complex

Control over the WTC complex

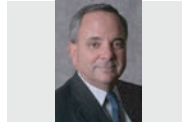

Jules Kroll

Jerome Hauer

Lewis Eisenberg

Frank Lowy

Jules Kroll was responsible for the WTC building security as contracted. He was the owner of the security firm Kroll Associates

Jerome Hauer was the managing director of Kroll Associates on 9/11

Lewis Eisenberg arranged the lease contract of the WTC complex with Silverstein

Frank Lowy (via his company 'Westfield America') rented retail areas on the WTC basement floor for 127 million US \$ – with a contract term of 99 years (and thus also collecting payouts from the insurance companies)

The Zionists owe the world an explanation: the entire prediction of the event, the privatization of the WTC complex, the leasing of the WTC complex, the buying of insurance policies, access control and security, documentation of the event on-site and its interpretation on BBC, cleanup&shipping of the steel, court proceedings, and the entire medical monitoring of the cancer-sick first responders were in the hand of political Zionists.

Furthermore, the re-design of the entire area, the control of the fraudulent NIST report, even the design of the Memorial Pools was miraculously won by individuals with strong ties to the Zionist Israel.

SIMS Metals Management

Ptech Software Systems controlled the computerized national-security software that should have automatically scrambled jets in the event of a national emergency like 9/11

Michael S. Goff was Ptech's marketing manager, who also worked for Israeli database company Guardium (whose director was Amit Yoran)

SPS System Planning Corporation was specialized in methods for remote airplane control and "Destruction at Flight Termination". From 1987 – 2001, Dov Zakheim was managing director at SPS

Odigo was the name of the Israel-based messenger system which was used to send warnings before the attack. 2 hours before the impact of the first plane employees of the company were warned not to go near the WTC. This warning was NOT forwarded to the authorities

Metals Management SIMS group was a company owned by Alan D. Ratner. It shipped the WTC scrap hastily to China. Ratner sold over 50,000 tons of steel – evidence of the crime – to a Chinese company. Before being shipped, the scrap was mixed with other iron scrap

Scott Ritter (on Gaza): *"We always accepted Israel as part of the West to find its way. But the disregard for the norms and values associated with international law is outrageous. We bought into the vision that Zionism is good. But Zionism is an evil – and lets be clear: we're not saying that being Jewish is an evil."*

I would like to add: *"To save the jewish people all the crimes of the zionist state must be exposed. Let us hope that the jewish people will find the strength to do it themselves, to dismantle the deception. The world will be eternally grateful to the Jews."*

PELIGRO NUCLEAR

Quise ir a la guerra, para pararla, / me detuvieron a mitad de camino (Gloria Fuertes)

EL  **MUNDO**

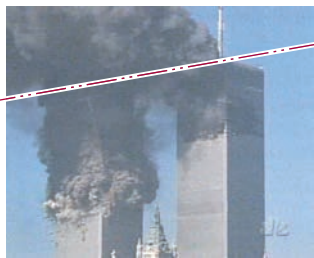

Las últimas informaciones procedentes de Estados Unidos señalan que los emisarios del magnate han logrado comprar en Ucrania tres miniartefactos nucleares de los conocidos con las siglas RA115 y RA116. Se trata de aparatos transportables en una maleta, de los que fueron fabricados 700 ejemplares en la Unión Soviética y de los que fuentes rusas admiten haber perdido al menos un centenar.

<http://www.elmundo.es/2001/09/16/cronica/1047765.html>

*"The latest information out of the US is that the leader's emissaries succeeded in purchasing out of the Ukraine **3 mini-nukes** known as RA-115 and RA-116. These can be carried in a suitcase, 700 of them were manufactured in the Soviet Union. Russian sources admit they have lost at least 100 of these."*

Theoretical operating principle

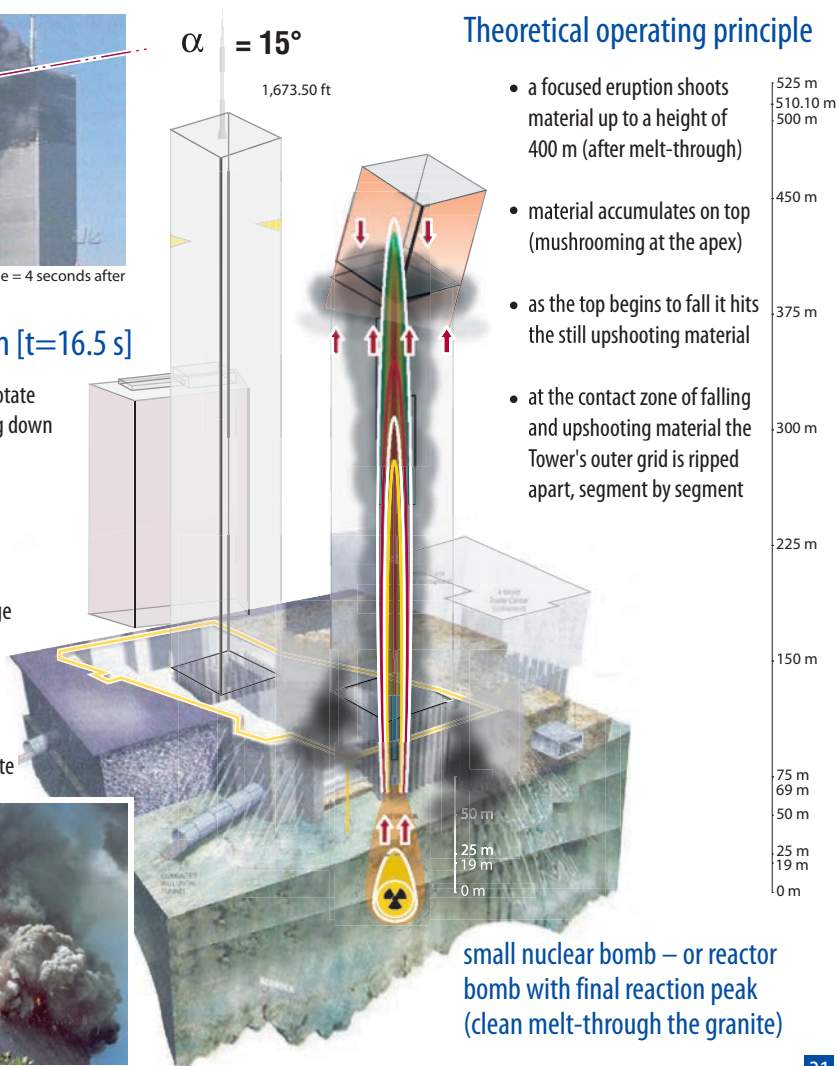

- a focused eruption shoots material up to a height of 400 m (after melt-through)
- material accumulates on top (mushrooming at the apex)
- as the top begins to fall it hits the still upshooting material
- at the contact zone of falling and upshooting material the Tower's outer grid is ripped apart, segment by segment

16.5 seconds after Zero Time = 4 seconds after the visible onset

Real observation [t=16.5 s]

- top block begins to rotate and dissolves, sinking down
- rotation stops in free fall at tilt angle 15°
- yellow/orange spout visible at the breakage point
- dust color above the breaking point is black; below it is white

Media slip-up: Timing of Building 7

"You might have heard a few moments ago I was talking about the Salomon Brothers Building collapsing. And indeed it has!"

<https://www.youtube.com/watch?v=M26-B44qQls>

At 5:01 p.m. the BBC News Anchor in London was talking to Jane Standley about the collapse of WTC 7 – 20 minutes before the actual "surprising" collapse – LIVE and with the building still standing in the background.

Closing Thoughts

The West is currently following an ideology that is the opposite of the search for truth, a wise saying goes:

"Better to fall with the truth than to win with a lie!"

Augustine Aurelius (354 - 430)

The old credo must seem ridiculous to today's leaders of the West, who feel confident of victory and seem to have chosen evil as the creative force for good – just as Mephistopheles defines himself: *"I am part of the force which would do evil evermore, and yet creates the good."*

By accepting the Faustian pact, the West has destroyed itself, or at least can no longer be seen as having a source of the divine at its core.

Renewal is not possible as long as the lie is at the center, no matter how cleverly it is hidden.

I now hope that this little booklet (which you can also download at www.911media.de) will shed some light on the hidden dark forces – forces that above all fear truth, love and forgiveness, because their nature is: lies, hatred and vengefulness.
